No.W3. 225/52 dated 4-2-1952.

Sub: BUILDINGS - Agricultural Research Station, Hagari - Rest House - Occupation as Residential Quarters - permission - requested.

I submit that there are about 34 members of Staff now working at the Agricultural Research Station, Hagari inclusive of the staff engaged in the Scheme financed by the Indian Central Cotton Committee. There are only 17 quarters available in the Station and 17 members alone are provided with quarters. The others are residing at Bellary which is about 8 miles away from the Station and much difficulty is experienced by some of the staff in attending to their works during working hours fixed as the station and the town are not connected with regular Public conveyance.

2. Now the Cotton Picking is going on and the Assistants engaged have to attend to the work early, they find it very difficult to come to the station at the appointed hour. There is a rest House at the Station and it is not practically used by Inspecting Officers except by a few who come from Bellary to the Station for a Picnic. Some of the members of the staff can safely be accommodated in the Rest House and to a certain extent, the dearth for residential quarters can be alleviated. Such allocation will also be in the interest of work and facilitate the Assistants to attend to the work at the stipulated hour. I therefore request Government to accord permission to use the Rest House as Residential Quarters and allot it to those who should stay in the Station itself in the interest of work. The rent to be collected from them will be fixed in consultation with the Executive Engineer.

3. Now that the Cotton picking is going on and that some of the Office Staff should stay in the Station, I am utilising the Rest House as residential quarters in anticipation of sanction of Government and request that my action may be approved.

Sd. M.S.Sivaraman,
Director of Agriculture.

Sir,

Sub: Buildings- Rest House at Agricultural Research Station, Bellary - occupation as residential quarters.

Ref:G.O No Ms. 828 Food and Agriculture dated 17-5-1952

In para 2 of the G.O. cited, Government directed that rent for the Rest House at Agricultural Research Station, Hagari be recovered proportionately from the occupants of the buidding or entirely if allotted to a single person.

2. It has been brought to my notice that, since 2 of the Cotton Assistants in the Western Cotton Improvement Scheme have been deputed for training in cotton certification work, the entire building could not be occupied by the Assistants working at Hagari. Only one of the Assistants has occupied one wing of the Rest House while the other is vacant. There are 2 wings in the Rest House and they can be treated as a separate unit for the purpose of occupation. It is also not fair to ask one Assistant to pay the rent of Rs.30/- for the entire building as it may be too heavy for one person to pay.

3. In the circumstances, I request that, in partial modification of the G.O cited, the rent for each wing of the Rest House may be fixed at Rs.15/- each. The rent will be recovered from the occupants either proportionately when occupied by more than one, or entirely from one if occupied by one alone, in respect of each wing separately.
